

Unit 4 Common Core State Standards

6.EE.1 Write and evaluate numerical expressions involving whole-number exponents.	6.EE.2 Write, read, and evaluate expressions in which letters stand for numbers.	6.EE.2c Evaluate expressions at specific values of their variables. Include expressions that arise from formulas used in real-world problems. Perform arithmetic operations, including those involving whole-number exponents, in the conventional order when there are no parentheses to specify a particular order (Order of Operations)	6.EE.3 Apply the properties of operations to generate equivalent expressions.	6.EE.4 Identify when two expressions are equivalent (i.e. when the two expressions name the same number regardless of which value is substituted into them).
--	---	---	--	---

Unit 4 Essential Questions:

- How can one use algebraic symbols to write equations and inequalities representing real-world situations?
- How can one solve one-step equations and use substitution to determine if a given value is a solution?

Number Sense:

- Ways to make an equivalent expression
- Ways to make a solution
- Always, sometimes, never
- What's my rule?

Monday Engage NY Lesson 4-1 & 4-2

Objective: Students build and clarify the relationship of addition and subtraction by evaluating identities such as $w-x+x= w$ and $w+x-x= w$. Students build and clarify the relationship of multiplication and division by evaluating identities such as $a / b \times b= a$ and $a \times b / b = a$.

Agenda:

1. Warm up: Fraction/Percent of the Day AND Video: <https://www.youtube.com/watch?v=l3XzepN03KQ>
2. Classwork: Engage NY Lesson 4-1 and 4-2
3. Homework: Engage NY Lesson 4-1 & 4-2 Problem Set/Homework

Tuesday Engage NY Lesson 4-3 & 4-4

Objective: Students build and clarify the relationship of multiplication and addition by evaluating identities such as $3 \times g = g + g + g$
Students build and clarify the relationship of division and subtraction by determining that $12 \div x = 4$ means $12 - x - x - x = 0$

Agenda:

4. Warm up: Fraction/Percent of the Day AND Video:
5. Classwork: Engage NY Lesson 4-3 and 4-4
6. Homework: Engage NY Lesson 4-3 & 4-4 Problem Set/Homework

Wednesday Engage NY Lesson 4-5

Objective: Students discover that $3x = x + x + x$ is NOT the same thing as x^3 . Which is $x * x * x$ Students understand that a base number can be represented with a positive whole number, positive fraction, or positive decimal and that for any number a , a^m is defined as the product of m factors of a . The number a is the base, and m is called the exponent or power of a .

Agenda:

7. Warm up: Fraction/Percent of the Day AND Video: <https://www.youtube.com/watch?v=ZJDb7E6aCrA>
8. Classwork: Engage NY Lesson 4-5
9. Homework: Engage NY Lesson 4-5 Problem Set/Homework

Thursday Engage NY Lesson 4-6

Objective: Students evaluate numerical expressions. They recognize that in the absence of parentheses, exponents are evaluated first.

Agenda:

1. Warm up: Fraction/Percent of the Day AND Video: <https://www.youtube.com/watch?v=S3IEeCyUWWA>
2. Classwork: Engage NY Lesson 4-6
3. Homework: Engage NY Lesson 4-6 Problem Set/Homework

Friday Engage NY Lesson 4-7

Objective: Students understand that a letter represents one number in an expression. When that number replaces the letter, the expression can be evaluated to one number.

Agenda:

1. Warm up: Fraction/Percent of the Day
2. Classwork: Engage NY Lesson 4-7
3. Exit Ticket: Rate/Evaluate how you performed in math class today.
4. Homework: Engage NY Lesson 4-7 Homework/Problem Set

Mrs. Rayman's Daily Instructional Plan- Grade 6 Math

	Monday	Tuesday	Wednesday	Thursday	Friday
Accessing Prior Knowledge - Where are your students headed? Where have they been? How will you make sure the students know where they are going? Unit 4 Essential Questions:

- *How can one use algebraic symbols to write equations and inequalities representing real-world situations?*
- *How can one solve one-step equations and use substitution to determine if a given value is a solution?*

Number Sense:

- *Ways to make an equivalent expression*
- *Ways to make a solution*
- *Always, sometimes, never*
- *What's my rule?*

Monday Engage NY Lesson 4-19

Objective: Students develop expressions involving addition and subtraction from real-world problems. Students evaluate these expressions for given values.

Agenda:

1. Warm up: Fraction/Percent of the Day AND Video:
2. Classwork: Engage NY Lesson 4-19 Examples 1-2 and Exercises 1-9
3. Homework: Engage NY Lesson 4-19 Problem Set/Homework

Monday Engage NY Lesson 4-20

Objective: Students develop expressions involving multiplication and division from real-world problems. Students evaluate these expressions for given values.

Agenda:

1. Warm up: Fraction/Percent of the Day AND Video:
2. Classwork: Engage NY Lesson 4-20
3. Homework: Engage NY Lesson 4-20 Problem Set/Homework

Tuesday Engage NY Lesson 4-21

Objective: Students develop formulas involving multiplication and addition from real-world problems. Students evaluate these formulas for given values.

Agenda:

1. Warm up: Fraction/Percent of the Day AND Video:
2. Classwork: Engage NY Lesson 4-21
3. Homework: Engage NY Lesson 4-21 Problem Set/Homework

Wednesday Engage NY Lesson 4-23

Objective: Students explain what the equality and inequality symbols including =, <, >, represent. They determine if a number sentence is true or false based on the given symbol.

Agenda:

1. Warm up: Fraction/Percent of the Day AND Video:
2. Classwork: Engage NY Lesson 4-23
3. Homework: Engage NY Lesson 4-23 Problem Set/Homework

Thursday Engage NY Lesson 4-24

Objective: Students identify values for the variables in equations and inequalities that result in true and false number sentences.

Agenda:

4. Warm up: Fraction/Percent of the Day AND Video:
5. Classwork: Engage NY Lesson 4-24
6. Homework: Engage NY Lesson 4-24 Problem Set/Homework

Friday Engage NY Lesson 4-25

Objective: Students learn the definition of solution in the context of placing a value into a variable to see if that value makes the equation true.

Agenda:

7. Warm up: Fraction/Percent of the Day AND Video:
8. Classwork: Engage NY Lesson 4-25
9. Homework: Engage NY Lesson 4-25 Problem Set/Homework
